

What is Nurses Christian Fellowship Canada?

Nurses Christian Fellowship Canada (NCFC) has been a registered not-for-profit charitable organization since 2012.

While nurses form the majority of the workforce in the healthcare system, we welcome all allied healthcare workers to partner with us in building a promising future, to stand side-by-side in seeking God's favour, and to reach out to those who do not know Him.

Our Vision

Christian Nurses called and equipped to serve Jesus Christ, empowered by the Holy Spirit to witness within the nursing community that Jesus Christ is Lord.

"...then make my joy complete by being like-minded, having the same love, being one in spirit and of one mind".

Philippians 2: 2 (NIV)

Our Mission

Nurses Christian Fellowship Canada exists to enable nurses to influence the quality of professional nursing practice through active expression of the love of Jesus Christ; to support colleagues in time of need; and to pray; educate and to inspire others to have faith in Jesus Christ and help build a healthy, just and peaceful society.
